Grandsons' Legacy Inspires $20,000 Gift to Cook Children's Health Care System PrayerBear Program from Sabre Industries

Alvarado, TX, November 16, 2026 – Sabre Industries has awarded a $20,000 donation to the PrayerBear Program at Cook Children's Health Care System through the company's second annual YOUR Cause Competition. The employee-driven, community giving initiative provides Sabre team members the opportunity to nominate causes that have made a meaningful impact on their lives and communities.

This year's winning nomination came from Kenneth "KT" Tice, shipping manager for Sabre in Alvarado, whose family has a deeply personal connection to the PrayerBear Program. Following the birth of his grandson Cooper, the family spent nine days in the neonatal intensive care unit at Cook Children's. During his transport in the hospital's Teddy Bear Transport Ambulance, Cooper received a PrayerBear, a simple gesture that left a lasting impact on the family.

The cause also honors the memory of Tice's first grandson, Carter, who was born prematurely and passed away five days after birth. Inspired by both grandsons, the Tice family has donated more than 4,000 teddy bears to support the PrayerBear Program over the years.

"My family knows firsthand the comfort that a PrayerBear can bring during some of life's most difficult moments," Tice said. "These bears provide emotional and spiritual support to children and families facing scary and uncertain medical journeys. I'm incredibly grateful to Sabre employees for supporting this cause and helping us extend that comfort to even more families."

The PrayerBear Program is part of the Spiritual Care Department at Cook Children's. This donor-supported program provides a teddy bear to every child admitted overnight, offering reassurance, comfort, and companionship during hospitalization. The program distributes more than 18,000 bears annually, averaging more than 300 bears each week. Sabre Industries' gift of $20,000 **is the largest single one-time gift** made to PrayerBears.

"We sincerely appreciate the support that allows us to provide a teddy bear to every child admitted overnight to Cook Children's," said Sheri Lake, manager of Spiritual Care for the health care system. "These bears offer comfort, emotional support, and reassurance to children that they are not alone. Through partnerships like this, we can continue impacting thousands of children and families each year."

The YOUR Cause Competition was created to empower Sabre employees to share causes that matter most to them while expanding the company's commitment to making a positive impact beyond its facilities. Employees across the organization participate by learning about each nominated cause and casting votes for the charity they believe should receive the annual donation.

"The most meaningful part of YOUR Cause is hearing the personal stories behind each nomination," said Tim Rossetti, president and CEO of Sabre Industries. "KT's family's experience is a powerful reminder that compassion during life's most difficult moments can leave a lasting impact. We are honored to support KT and the PrayerBear Program to help ensure children and families receive care, compassion, and hope during some of their most challenging moments."

About Cook Children's
Cook Children's is more than a health care system. It strives to be an extension of every family, walking alongside parents and children through the entire journey of childhood. From first steps and early milestones to growing into adulthood, Cook Children's is there for every moment. By collaborating to deliver on its Promise to improve the well-being of every child in its care and communities, the system connects the dots for patients: between primary and specialty care, between home and medical home and between short-term care and long-term health.

Based in Fort Worth, Texas, the integrated, not-for-profit system is powered by more than 10,000 dedicated team members who care for over 2 million patient encounters

each year. Its comprehensive network spans two medical centers (Fort Worth and Prosper), three surgery centers, a physician network, home health services and a health plan. It also includes the Child Study Center at Cook Children's and Cook Children's Health Foundation.

Serving children from across Texas, nearly all 50 states and 32 countries, Cook Children's continually earns national acclaim, including consistent rankings among U.S. News & World Report's Best Children's Hospitals and recognition as a top health care employer. By seeing the world through the eyes of children, Cook Children's delivers compassionate care rooted in kindness, imagination and respect.
